You can use them as Cthulhu or Ymgarl heads on your models. We have many customers that use these on their Tyranid® Genestealers® to represent Ymgarl Genestealers® .</p> <p>Each set of 6 heads includes 3 different variants, you will recieve 2 of each head in this set. There are almost no mold lines on these heads, so minimal clean-up is required. Superglue is recommended for assemblnig metal bits on plastic kits.</p> <p>We developed these in 2009 as variant heads that would be useful on Tyranid® Genestealers® . When GW released the new Tyranid® codex, the Ymgarl Genestealers® look incredibly like these heads! We have dated post and concept art to prove our idea came first.</p> <p>Regardless, these heads will set your miniatures apart from the rest of the crowd!</p>	<p>Genestealers are creatures in the Tyranid army.
